Government of **Western Australia**
RADIOLOGICAL COUNCIL

RADIATION SAFETY ACT

Medical and Dental Laser Licence Holders

The Radiological Council licenses dentists and medical practitioners to permit them to use class 3B and class 4 lasers on humans in Western Australia. This document provides a list of licensees (including temporary permit holders) for the purpose of "Lasers - Medical" and "Lasers - Dental" only, and the expiry date of each licence.

The "Lasers - Medical" licence permits the holder, or medical practitioners acting under the direction and personal supervision of the licensee, to operate or use registered medical lasers. The "Lasers - Dental" licence permits the holder, or dentists acting under the direction and personal supervision of the licensee, to operate or use registered dental lasers.

The list is generated on the date shown in the footer. It does not include licences that have been issued since this date, but will include some licences which have since expired. Please contact an officer of the Council for further information.
