Government of **Western Australia**
RADIOLOGICAL COUNCIL

RADIATION SAFETY ACT

Veterinary Radiography and Radiology Licence Holders

The Radiological Council licenses veterinarians to permit them to use x-ray equipment in Western Australia. This document provides a list of licensees (including temporary permit holders) for the purpose of "Radiography - Veterinary" and "Radiology - Veterinary" only, and the expiry date of each licence.

Veterinarians holding a "Radiography - Veterinary" licence are permitted to use x-ray equipment for the purpose of veterinary radiography only. Veterinarians holding a "Radiology - Veterinary" licence are permitted to use x-ray equipment for the purposes of veterinary fluoroscopy and computed tomography.

The list is generated on the date shown in the footer. It does not include licences that have been issued since this date, but will include some licences which have since expired. Please contact an officer of the Council for further information.
