Government of **Western Australia**
RADIOLOGICAL COUNCIL

RADIATION SAFETY ACT

Approved X-ray Operators

The Radiological Council approves x-ray operators (XROs) to use mobile x-ray equipment for radiography of the chest and extremities at certain registered premises in Western Australia. For approval as an XRO to remain current, an XRO must have their proficiency assessed by an approved radiographer at least every 36 months.

This document provides a list of x-ray operators that have current approval, including their certificate number and the date their proficieny was last assessed.

The list was generated on the date shown in the footer. The list is typically updated 2-3 times a year (after each x-ray operator course) and does not include approvals issued or updated since this date, but may include some approvals which have since expired. Please contact an officer of the Council for further information.
